

SE Coast Saltwater Paddling Trail

GA-SC-NC-VA

Proposed Paddling Trail

Project Scope--2009

- Identify a "main corridor" for a blueway along the coasts of GA, SC, NC and VA.
- Use existing public canoe & kayak access sites, camping/overnight accommodations.
- Create a database and a website to combine all the information into one central location.
- Local, state, Federal sites & partners

RTCA Role

- Role of RTCA to coordinate 4 projects & create overall project framework.
- RTCA program goals supported.
- Missions of NPS & RTCA integrated in project.
- Coastal recreation, conservation & economic improvements.
