

Penholoway Polka

June 21 LEGEND

Launch Site/Take Out 

Pit Stop 

Point of Interest 

With rivers as with good friends, you always feel better for a few hours in their presence; you always want to review your dialogue, years later, with a particular pool or riffle or bend, and to live back through the layers of experience. We have been to this river before and together. We have much to relive.

—Nick Lyons
