Georgia River Network Communications Internship *Spring, Summer and Fall 2022*

About Georgia River Network

Founded in 1998, Georgia River Network fights to ensure a clean water legacy in Georgia by engaging and empowering individuals and groups to protect and restore our rivers from the mountains to the coast.

We inspire people to protect Georgia's rivers by first connecting them with our rivers through Georgia River Network's Paddle Georgia trips, river user guide tools and resources, water trail development program and more.

Throughout our history, we have supported the start up of new river conservation and water trail groups in Georgia and created Paddle Georgia, the nation's largest week-long canoe/kayak camping adventure that has introduced more than 5,000 people to the state's rivers and raised more than \$500,000 for river protection throughout Georgia.

GRN is based out of Athens, but staff is permanently working remotely. For more information, visit our website www.garivers.org.
